| Originator Purchasing | Item Two Tandem Axle Cab & Chassis and Two Bodies- Approve Purchase |
| Agenda Section Consent Business | Date 8/15/2016 |
| Description | |

Council is requested to approve the purchase of two 2017 Western Star 4700 6x4 cab chassis trucks and their related equipment plus two Henderson bodies. The trucks will be replacing existing units 53 and 79 as part of the approved 2016 replacement schedule. Unit #53 is a 2000 Freightliner Single Axle 4x2 Dump and Unit #79 is a 2002 Sterling Tandem Axle 6x4 Dump.

The two 2017 Western Star 4700 6x4 cab chassis trucks are available under Minnesota State Contract #77960 from Boyer Ford Trucks, Inc. for a cost of \$118,648.00 each for a total cost of \$237,296.00. Boyer Truck is also accepting a trade-in of three trucks resulting in a credit of \$40,000.00: Unit #209 – 1996 Ford LT9000, Unit #53 – 2000 Freightliner FL80, and Unit #81 – 2002 Sterling LT9513. The net cost for the two trucks is \$197,296.00.

The two Henderson Model Mark E 15' bodies are available under Minnesota State Contract #100782 from Aspen Equipment Company for a cost of \$130,147.00 each for a total cost of \$260,294.00.

The trucks are intended for use by Street Maintenance, Utilities Maintenance and other Public Works services. Their primary use will be snow removal, chip rock hauling for sealcoating operations, as well as sewer pipe maintenance and water main repair. In addition, they will be used for hauling a multitude of other items which may include: storm debris, asphalt, demolition debris, and sweepings from street sweeping operations.

Funds for the purchase of these units are available in the 2016 Equipment-Capital Outlay 765602-57050.
